## ACCOUNTING OF EQUITY IS DEMANDED

Stockholders Allege That Farmers Exchange Has Been Mismanaged

HEARING SET FOR NOV. 6

Law Firm of Burke and Burdick Bring Action In Cass County

Fargo, N. D.—Alleging that they have been defrauded out of thousands of dollars, through mismanagement of the equity grain pool, six stockholders filed suit against officers and directors of Equity-Exchange in Cass county district court, demanding an accounting. Hearing set for Nov. 6.

The action was brought by law firm of Burke and Burdick in Cass county district court for Emil Piper, Ole Mattson, Alfred Hunter, K. O. Brakke, K. P. Sutrom and H. M. Critchfield, stockholders in the exchange.

It is charged that certain officers of the exchange have organized "dummy selling agencies" to which the grain in the pool has been sold, these agencies in turn selling it as a higher grade—sometimes at a difference of 15 cents per bushel.

J. M. Anderson, president and until last April active manager at a meeting of the board of directors in Minneapolis in September charged that G. A. Thiel, secretary, and B. J. League, treasurer, had falsified records and committed other irregularities. The board subsequently issued a statement that these charges were found without basis. League was later said to have resigned and Anderson was given leave of absence until the annual meeting of stockholders in Fargo next January.

Louis Noltemeyer, Valley City, vice president is now general manager of the exchange. Other officers or directors named include J. C. Leum, Mayville; O. H. Olson, New Rockford; Nels Magnuson, Souris, and F. L. Wood, Deering.

More than 75,000 bushels of grain are alleged to have been manipulated irregularly.

It is said that there were 900 farmers in the pool and that over 800,000 bushels of grain were pooled.

The complaint sets forth that "the said defendant corporation and the directors thereof, have, after knowing the facts of said transactions" communicated with members of the pool and advised the settlements as went out were just, although they knew at that time that many thousands of dollars of the members had been "fraudulently and dishonestly" appropriated.

## MODERN PIRATES SEIZE SCHOONER AT HAMBURG

Hamburg, Oct. 27.—A quartet of twentieth century pirates climbed from their rowboat aboard the motor schooner Bertha in the lower Elbe yesterday, and in broad daylight subdued the captain and his crew and started down stream with the vessel. They were better pirates than navigators and soon ran the vessel aground causing its destruction and the loss of its cargo of quebracho valued at 20,000,000 marks.

The four pirates bound the captain as soon as they got aboard and after scaring the crew by firing their pistols, it was easy to imprison them. Then the intruders put on seamen's clothing, hoisted the anchor and set off toward the sea. When the ship went aground the prospect of drowning in the wreckage so frightened them that they climbed the mast and signaled for help from a passing schooner.

## STORIES TOLD OF RED CROSS STIR HEARERS

Help Rendered in Scores of Cases in Western N. D. Without Any Publicity

DISCUSS ROLL CALL

Necessity of Continuing Red Cross Activities Is Outlined at Conference

Stirring stories of work done by Red Cross chapters in western North Dakota were related at the regional conference attended here today by representatives of chapters of practically all counties in the southwestern part of the state.

Stories of crippled children made well, abused, neglected children helped; people almost starving restored and vigor and kept in their homes and in the state and other accomplishments were related.

"We have often been told that since the Red Cross work is not needed," said A. L. Schaefer, of Chicago, representing the Central Division headquarters. "We have heard this from a few of our chapters. But after they had learned of the self-sustaining activities of other chapters they have realized the importance of the work. You don't read about these activities in the newspapers or in the Red Cross Courier—the work is such that you cannot get full publicity to it. But it is tremendously important."

The conference opened in the parlors of the McKensie hotel this morning. The coming roll call plans were outlined at a luncheon at noon and this afternoon various phases of the work was taken up. Dr. F. R. Smyth opened the meeting and turned it over to Mr. Schaefer. The conference began with discussion of the Red Cross Community activities.

Miss Henrietta Lund, field representative, told the delegates of some of the work the Red Cross had done in western North Dakota. The Red Cross, she said, had spent upwards of \$75,000 in western North Dakota in the last few years. She mentioned service for disabled veterans of the World War, service to girls, to neglected, abused children and others.

"I wish those who ask why it is necessary to keep up the Red Cross work could see some of the busy Red Cross offices, that in Bismarck, for example, where Mrs. Conklin is a full-time volunteer. The Red Cross had a big responsibility for the general welfare. She mentioned a little Bismarck girl who was so crippled she crawled on her hands and knees. Through the Red Cross making possible surgical attention the little girl now is walking. She told of a little girl in the western part of the state so horribly disfigured in a prairie fire that she could not face other children; children six or seven years old found in jail cells in poor houses and declared that the Red Cross had a duty and responsibility toward all of these."

Miss Elsie Lawrence, of Burleigh county, told of work done in the county. She said that during the war the Red Cross work extended to families of service men and to others and that since the war these people look to the Red Cross for aid. There is a real need in community work for the Red Cross, she said.

Burleigh County Work

The Burleigh county chapter, she said, last year decided that no child should be kept out of school for lack of shoes or clothing and that the chapter spent over \$300 providing these. The work for the city and county, in cooperation with the courts, in delinquency, truancy and similar cases was detailed.

L. Winter of Dunn county said the Red Cross had done a great deal in keeping people who had suffered misfortune on the farms and in the state. So helpful has been the work, he said, that ex-service men had agreed to handle the roll-call in Dunn county and that a revival of enthusiasm for the Red Cross was expected.

C. L. Young, chairman of the children's code commission, detailed the work of that body, and asked the Red Cross workers to support the Red Cross workers to support the

## NET TIGHTENS ABOUT SLAYER OF HALL-MILLS

Prominent Churchman To Be Arrested If He Declines To Testify

WIFE SAW LETTERS

Brought to Her Before Husband and Choir Singer Were Killed

New Brunswick, N. J., Oct. 27.—Wilbur Mott, special deputy attorney general, who has taken over the inquiry into the Hall-Mills murder mystery expected to interview a prominent churchman today in an effort to corroborate statements of Mrs. Jane Gibson, eye-witness of the double slaying.

Mott indicated he intended to cause the churchman's arrest unless he agreed to become a witness for the prosecution.

Mott was said to be in possession of data showing this same man had discovered the letters of Mrs. Eleanor Reinhardt Mills to the Rev. Edward W. Hall, who was killed with her and that he showed them to Mrs. Frances Stevens Hall, the clergyman's wife.

His car is said to have been parked near the crabapple tree on the old Phillips place and its headlights made it possible for Mrs. Gibson to see the battle that ended in the death of Dr. Hall and Mrs. Mills.

Attorney Timothy N. Pfeiffer, representing Mrs. Hall, denied last night that either Mrs. Hall or her brother, Henry Stevens, were present when the clergyman and his choir singer were killed. He reiterated that Mrs. Hall did not leave her home that night between 8 p. m. and 2 a. m. and that Henry Stevens was fishing in the ocean at LaValette, N. J.

Mr. Pfeiffer's statement followed the disclosure that Mrs. Hall and Mr. Stevens were the persons named in the sworn statement of Mrs. Gibson. Prosecutor Mott indicated that arrests were imminent but that he preferred to wait until he had an "iron-clad" case. Persons under suspicion are being watched closely.

## U. S. LICENSE APPLICATION IS APPROVED

Grand Forks State Elevator Qualifies Under Federal Warehouse Act

Final steps were taken here last evening for the acceptance of the state elevator at Grand Forks as a federal licensed warehouse, at conference here between H. K. Holman, Jr., of the U. S. Department of Agriculture, Washington, D. C., C. L. Dutcher, division supervisor for the department in the warehouse department, and Attorney-General Johnson.

"We asked the U. S. Department of Agriculture to send to North Dakota a man who had authority both to approve and accept the elevator," said B. L. Simons, manager, "and the department very promptly did so, helping us to expedite the considerable work entailed. The elevator now approved and accepted for operation under the United States Warehouse Act. Mr. Holman inspected the elevator at Grand Forks and we completed details here today. We now can get out our tariffs and make final arrangements to accept wheat for storage."

He has already bought wheat for use of the milling department, Mr. Simons said.

## Northwest Points Receive Small Coal Shipments

St. Paul, Minn., Oct. 27.—Northwest points are receiving less than 50 percent of the allotted supply of hard coal and indications now are that this territory will receive not more than 25 percent of the normal amount of this grade of fuel this season, according to reports in the office of C. P. White, northwest federal fuel distributor.

The shipments which were promised sometime ago by Washington fuel officials are not materializing as was expected and as a result the northwest stands to be almost 75 percent short of this normal supply of hard coal. Mr. White explained.

Approximately 200,000 tons of this fuel has been shipped to the northwest since resumption of mining activities, or less than 50 percent of the allotted amount. But several weeks of navigation remain and unless this hard coal is shipped via lake routes in large quantities, Minnesota and surrounding states will have to depend upon all rail shipments, which are not sufficient to meet the demands, he said.

Jitneys first appeared in Los Angeles in 1914.

## SPEAKERS HAIL NAVY FORCE FOR PEACE

Day Set Aside to Honor Roosevelt and to Aid Naval Supremacy of United States

RADIOS SEND MESSAGE

At National Capital Wreath Is Placed on Grave of Unknown Soldier

(By the Associated Press)

Washington, Oct. 27.—What the American people owe to their navy not only as a bulwark of defense in war but as a supporting arm of the nation's prestige and moral force among nations in the pursuits of peace was the navy day message which hailed from platform, radio mast and press today throughout the land.

While thousands inward from the seaboard were reminded in the speeches that the American navy was still there for vital service and protection, all ships in port were holding "open house" with the public a welcome visitor to all navy yards and shore stations.

Teddy's Birthday

"Fittingly observed with the celebration of the birthday of Theodore Roosevelt, the navy paid its own tribute of the day to the former President in the designation of Admiral Hillary P. Jones, commander-in-chief of the Atlantic fleet, to lay a wreath on the Roosevelt tomb at Oyster Bay. Late scores of speeches, too, the late President's declaration that the "country's navy is the surety guarantor of peace," found its way as an appropriate text for the day.

In addition to the hundreds of speeches scheduled, plans made by the navy league of the United States which sponsored the movement sanctioned by the navy department for an annual observance of navy day include the use of twenty commercial radio stations to broadcast by radiophone the addresses of a score of nationally known speakers delivered at different points throughout the country. Navy day messages also will flutter downward from groups of naval planes on flights over the principal cities.

Honor Soldier Day

The program of observance at the national capital included the laying of a wreath on the tomb of the unknown soldier at Arlington National Cemetery by Secretary Denby and high officials of the navy and ceremonies before the statue of John Paul Jones in Potomac park.

## MONUMENT UNVEILED

Benton Harbor, Mich., Oct. 27.—The first monument to be erected in Michigan in honor of the late Theodore Roosevelt was unveiled here today with elaborate ceremonies.

## CHICAGO CELEBRATES

Chicago, Oct. 27.—With a feeling of more than that general intimacy with the man whose memory the nation honored, Chicago joined in the country-wide observance of the birthday anniversary of Theodore Roosevelt today.

## CELEBRATED AT ROME

Rome, Oct. 27.—American Navy day was celebrated here today when a wreath as a tribute from the American navy league to the Italian unknown soldiers, was placed upon the tomb in the Victor Emmanuel monument. The presentation address was delivered by Captain Raymond D. Hasbrouck, American military attaché in Rome.

## \$50,000 ESTIMATED BELFIELD LOSS

Belfield, N. D., Oct. 27.—Loss from the fire which Tuesday destroyed 13 buildings here, is now placed at \$50,000, with insurance totaling from \$25,000 to \$30,000.

Individual losses follow: A. H. Hille, meat market and contents, \$5,500; Darius poolhall and contents, \$4,500; D. Sharman, restaurant, \$8,000; McCutchan buildings, \$5,000; Brown store building, vacant, \$1,500; F. F. Valentine confectionery, \$2,800; Brownfield grocery, \$2,500; Sharman garage and auto sales rooms, \$10,000; all except McCutchan and Brown stores buildings partially covered by insurance.

Several property owners plan to erect brick structures to replace the wooden ones destroyed.

## LOVE SCHOOL HEAD ARRESTED

Duluth, Minn., Oct. 27.—Harry Whitton, 40, alleged proprietor of a "love school" at Peoria, Ill., and Vernon Schuster, 14 year old high school girl, the daughter of a Peoria coal dealer, were on their way back to Peoria today in custody of two detectives. They were arrested here last night.

Whitton, who, according to the Peoria authorities, has served one term in the state penitentiary at Joliet on a statutory charge, was arrested last June on the complaint of a 15 year old Peoria girl. He was indicted by the grand jury and was released on \$5,000 bail. He disappeared with the Schuster girl shortly afterwards.

The couple came to Duluth last Friday and had been living at a local rooming house, police said.

## WEST REALLY WAS WILD IN THOSE TIMES

BY KATE H. BROWER.

"Dad" Kendley was dozing outside the railroad pumping station at Medora, N. D.

He opened his faded eyes at my approach.

"They tell me you rode the range with Teddy Roosevelt once," I said, getting "down to cases" at once.

At this the faded eyes snapped. "I'm here to tell you I did," said "Dad."

"The whitest man that ever hit the Badlands, he was," continued the old man. "Come on in" and he opened the door to his little shack. "Look a' there," he pointed. "That was Teddy's, own desk." It certainly was a plain affair—just a few boards nailed into the right shape and painted a greenish gray. "He wrote some of his 'Hunting Trips of a Ranchman' on that desk. He gave it to me when he went back east."

Overrun With Dudes.

"We were overrun with dudes in the day; when Teddy came out here—dudes who came out to hunt and to start ranches, a few of 'em."

"It didn't take us long to find out Teddy wasn't that kind."

"He never was what you'd call an expert horseman, but he had a brass monkey's nerve. Why, I've seen him crossing that river—he hitched his thumb in the direction of the turbulent Little Missouri—'crossing it a-horseback, when it was high water and logs were rolling past every few feet. When he'd make it and the boys'd bawl him out for being reckless, he'd laugh and show his teeth to beat the cars."

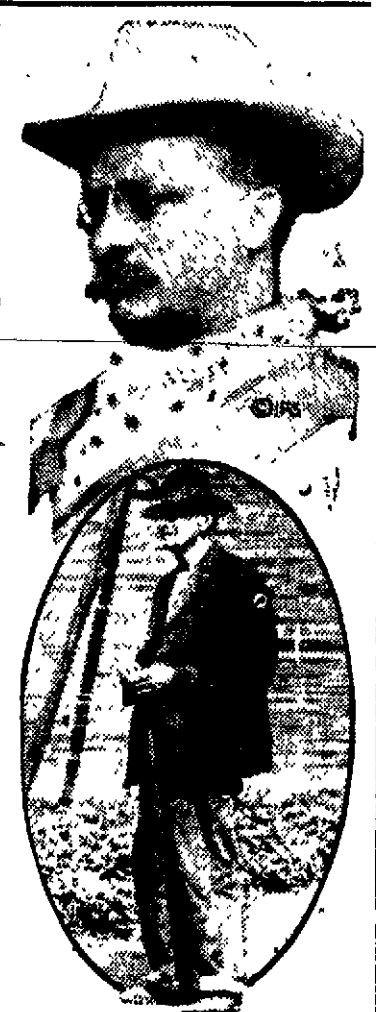

"One day I was out in the Badlands rounding up some cows and I stopped off at Teddy's ranch house and Teddy was there alone. 'Light down, Dad,' he says, 'an have some grub. Say, Dad,' he says, 'I can fry meat and make coffee. Can you bake some biscuits?' He says, 'Too Wer Duns.'"

"So we built a fire and got the stuff started and it was pretty hot in the ranch house, so we went outside and got to arguing, and pretty soon the smoke came rolling out in clouds and everything was burned up. Teddy only laughed and we got along on coffee 'till the cook came back."

"That's the straight of the story. It's been mentioned in books and got twisted around a lot, but that's how it happened."

"Teddy liked to converse but he wasn't one to talk a lot in a crowd, like most of the city dudes. That's one reason the boys liked him. He knew a lot but he never tried to show off."

"But not one of us had an idea he'd ever be president. We wouldn't have treated him like so much of a human if we had. We just thought he was a bright young feller, a dead game sport, honest and fearless—what they call these days, a regular guy."

## MRS. HODELL FACES SECOND MURDER TRIAL

Charged that She Killed Husband Also—Found Guilty Of One Killing

White Cloud, Mich., Oct. 27.—Mrs. Meda Hodell, convicted yesterday of the murder of her father-in-law, David Hodell, was returned to the Big Rapids jail today to await the outcome of an appeal from the circuit court verdict. A bill of exceptions is expected to be filed within a few days.

Mrs. Hodell may be called upon to face a second charge of murder pending against her as the result of the death of her husband, Romie Hodell. Her mother, Mrs. Alice Dudgeon, and her brothers, Lee and Herman, also are awaiting trial for alleged complicity in the husband's death. The state charges Mrs. Hodell and her mother beat young Hodell to death and the Dudgeon brothers attempted to hide the alleged crime by hanging the body in a barn to leave the appearance of suicide.

Mrs. Dudgeon is slated to come to trial Nov. 13.

## E. H. GARY FOR SECOND PEACE CONFERENCE

Opposes Cancellation of Europe's War Debts to United States

New York, Oct. 27.—Another international peace conference in Washington for the fall and frank discussion of all unsettled financial, commercial and industrial questions in which the United States is interested was suggested by Elbert H. Gary, chairman of the United-States-Steel corporation in a speech today at the American Iron and Steel Institute of which he is president.

Such a conference, he said, should be participated in by able, open-minded, well disposed representatives from the different nations such as those who appeared at the recent limitations of armament conference.

"If there shall be such a meeting," declared, "and the delegates are all of the type referred to, there will result incalculable good to all who are parties. They would not decide or discuss how to abolish or overcome the old established law of supply and demand, how to avoid or repudiate irreparable injury to any one or the sacrifice of principle."

Cancellation of Europe's war debts to the United States was opposed by the speaker. The debts, he said, were voluntarily, openly and fairly contracted and cannot be cancelled or disposed of on any other basis.

## Husband Protests Innocence of Wife Murder

Cleveland, O., Oct. 27.—Identity of the slayer of Mrs. Hazel May Burns, wife of Henry Burns, whose body was found buried in a woods near Painesville, Wednesday afternoon, remains a mystery.

Although her husband is locked up in the county jail at Painesville charged with first degree murder and has been under cross-examination by Ralph M. Ostrander, prosecutor of Lake county for a total of 25 hours, he has made no admission, the authorities say that, that would connect him with the death of his wife.

Burns told the prosecutor Ostrander his name is Bruno Brubanski, but that he took the name Burns because it was the name of his mother's second husband.

## Target Practice Shots Fall on Chicago Homes

Chicago, Oct. 27.—The name of the second lieutenant responsible for the blunder which resulted in the shelling of the Farwell and McCormick estates at Lake Forest Wednesday, will not be made public, Brig. Gen. Moseley, commander at Fort Sheridan announced today.

General Moseley said the offending officer had a previous record of inefficiency, although he had been "grossly negligent" in the target practice Wednesday.

According to Gen. Moseley the officer was in charge of a squad practicing with a gun on a range and instead of firing on Lake Michigan, he fired on the beach. Shells struck the beach and ricocheted hurtling into the Francis C. Farwell mansion. Other shells plowed into the lawn on the estates of Mrs. Edith Rockefeller McCormick, (Mrs. H. McCormick and J. Ogden Armour).

## DEATH OF FIFTH HUSBAND STARTS INVESTIGATION

Chicago, Oct. 27.—Mrs. Tilly Klimek and her son, Joseph Mitkiewicz, were arrested early today and held pending an investigation of the illness of the woman's husband, Joseph Klimek, 82 reported dying from the effects of a slow poison.

Klimek, the police said, is at least his wife's fifth husband. Police and the coroner's office opened an investigation into the death of four men the woman is known to have married.

Klimek carried life insurance with several companies, the police said. During his illness before Klimek was removed to a hospital two dogs, belonging to the family died after eating scraps from the table, according to the police.

## PROPOSED LAW NOT VALID, IS OPINION GIVEN

R. W. Williams, Solicitor For U. S. Department, Gives Review of Act

TO BE VOTED UPON

That the initiated grain grading law, which will be submitted to the voters on November 7th, is unconstitutional in many respects, is held in an informal opinion by R. W. Williams, solicitor for the United States Department of Agriculture. Mr. Williams calls attention to several provisions which are in conflict with those of the Federal Grain Grades act, which result in the initiated law being declared invalid in the courts.

Its provisions for the sale of grain "by type or sample or by any name, description or designation not false or misleading" and not included in the official grade established by the federal act does not make a distinction between intrastate and interstate commerce.

Section 5 of the proposed law, he said, is in conflict with the United States act in that it prohibits "the buying of grain by grade, after grades have been established, unless it has been inspected by a state or federal inspector and the grade by which it is bought is one of the grades established or recognized by the act." It is in conflict with the latter act to the extent "that the latter act permits shipment of grain by grade without inspection at point of shipment if it is subject to inspection at destination or enroute and without inspection at all if the shipment is between points at which no inspection service is maintained."

"The provision," Mr. Williams said, "is not confined to intrastate commerce and it is believed, therefore, that it would be declared invalid in view of the decision of the United States supreme court in the Lemke case with which you are familiar, declaring invalid the North Dakota Grain Grading and Inspection Act of Feb. 11, 1919."

In regard to the bond provisions, the opinion said:

"The provision respecting a bond is found in Section 9 of the measure and requires that any individual buying or shipping grain for profit in this state, who does not pay cash in advance for the grain so bought, shall file a bond running to the state in a sum sufficient to cover the value of the grain so bought. This provision also is not limited to intrastate commerce and it may be, therefore, that it would be held invalid as a regulation of interstate commerce following the decision of the Lemke case."

## FACTA REGIME IS OUSTED BY THE FASCISTI

Orlando and Colleagues Offer Resignations in Face of Revolution

THREATEN TO USE FORCE

New Faction of Extreme Nationalists Claim Army Of 800,000

(By the Associated Press)

London, Oct. 27.—The Italian Fascisti seem to have won their battle for the ousting of the Facta ministry, the premier and his colleagues offering their resignations last night in the face of a threatened general mobilization of the nationalist military organization.

New of the developments following the resignation was awaited here today with great interest, but at an early hour no additional advice had been received from Rome.

To Confer.

King Victor Emmanuel was expected to return to the Capital today for conferences with political leaders in preparation for the formation of a new cabinet and his choice of a premier was believed to be between Vittorio Orlando and Giovanni Giolitti, both former cabinet chiefs.

Whether one of these men would be acceptable to the Fascisti or whether this "powerful organization would be content with anything less than an all Fascisti ministry, was a matter of speculation.

Latest dispatches from Rome describe the situation as one of great confusion with wild rumors circulating on all sides.

The Fascisti organization which was formed by the extreme nationalists to combat the growing power of the communists and socialists, has reached a strength variously estimated at from 400,000 to 800,000 men, a large part of whom are armed, drilled and ready for military action.

To Arrive in Rome.

Rome, Oct. 27.—Benito Mussolini, leader of the Fascisti, is expected to arrive in Rome today, having been called here by Premier Facta, who wishes to discuss the situation with him.

This action has again caused rumors to circulate that the format on of another Facta cabinet with the participation of the Fascisti is a possibility.

Premier Facta has telegraphed Benito Mussolini, leader of the Fascisti at Milan asking him to come to Rome to discuss the possibility of an agreement between the government and the Fascisti.

All speculation concerning the solution of the crisis agree that it will result in the advent to power of the Fascisti either alone or with Giolitti Orlando or Salandra in case the Facta cabinet possibility mentioned is dispelled.

King Victor Emmanuel will arrive in Rome tonight. He has a desire to see tomorrow on the situation with Signors Tullio and De Sella, the presidents, respectively, of the senate and chamber of deputies with Benito Mussolini, the leader of the Fascisti, and with Luigi Federzoni, leader of the nationalist party.

Former Premier Giolitti also will be in Rome tomorrow.

## NEW REGIME SEEKS FUSION ARRANGEMENT

Liberal Candidates Who Will Work With Law To Be Unopposed

London, Oct. 27.—The latest development in the electoral campaign is an understanding reported to have been reached in some districts under which the Conservatives have agreed not to oppose Coalition Liberal candidates under the Lloyd George banner who will pledge themselves to give their general support to Prime Minister Bonar Law.

Several such bargains have been reached in London and neighboring constituencies but in the northern districts it was said that most of the Lloyd Georgians had refused to enter into any such arrangement. At Dundee the Unionists as a coalition decided to support Winston Spencer Churchill, who was secretary for the colonies in the Lloyd George ministry, and J. A. M. MacDonald, another Coalition Liberal. Referring to the deals, the Times says the Coalition Liberal government is in danger of breaking in two, and attributes this condition to "black and white" leadership by Lloyd George. While in some places the Lloyd George followers are aligning themselves with the Conservative party, others, especially in the north, are seeking union with the Free Liberals. The newspaper understands that Lloyd George has been urged to give his party definite guidance in the speech he is to deliver next Saturday at Glasgow.

## DRY CONFERENCE AT BRUSSELS

(By the Associated Press)

Brussels, Oct. 27.—Delegates from eleven countries are participating in the third anti-prohibition congress in session here. The sessions are being held in secret.

Senator DeLannoy, Belgium, who is presiding, defined the object of the congress as an energetic struggle against the tendencies of modern legislation to sacrifice individual and commercial liberty.

The delegates from each country reported on the prohibition campaigns in their respective states.

Sections of the congress were chosen to study how the fight of the organization could be carried on against the prohibition movement which, it was asserted, possessed large funds and an organization with ramifications everywhere. It was decided that international action must be inaugurated.

The countries represented at the congress are Belgium, Canada, Spain, Finland, France, England, Denmark, Italy, Norway, Sweden, and Switzerland.

## Return \$500,000 To Congdon Heirs

(By the Associated Press)

St. Paul, Minn., Oct. 27.—Heirs of Chester B. Congdon, wealthy mine owner of Duluth, who died in 1916, were awarded more than \$500,000 alleged to have been collected illegally in federal estate taxes, in a decision today by Judge Wilbur F. Booth in United States district court.

## EIGHT FIRE FIGHTERS LOST IN MOUNTAIN

Flames Cover Wide Area in San Bernardino Section

San Bernardino, Cal., Oct. 27.—Hope was expressed today among forest fire fighters in the San Bernardino mountains that the eight of their number, who, at latest reports were missing had saved themselves in open stretches along a road. The eight men left the main body of those fighting a forest fire near Lake Arrowhead when the flames jumped a fire break, where a final stand had been made to save heavy sections of timber.

Last night the fire swept over the crest of the San Bernardino range. Fifty more fighters were sent from the Lake Arrowhead village early today.

The region contains many summer homes, and represents heavy investments. Immense timber abundance, in some places the flames, as they stopped the range, were estimated to be 400 feet high. There was hope today that the summer colony at Lake Arrowhead would be saved.

## MRS. CAFFEE TO TESTIFY

Los Angeles, Cal., Oct. 27.—Mrs. Peggy Caffee, again today attracted many to the trial of Mrs. Clara Phillips, charged with murdering Mrs. Alberta Tremaine Meadows with a hammer.

Plans given out for calling Mrs. Caffee to the stand yesterday failed to materialize, but the prosecution said it was practically certain that she would be asked to testify today.

## YEGGMEN GET \$3,500.

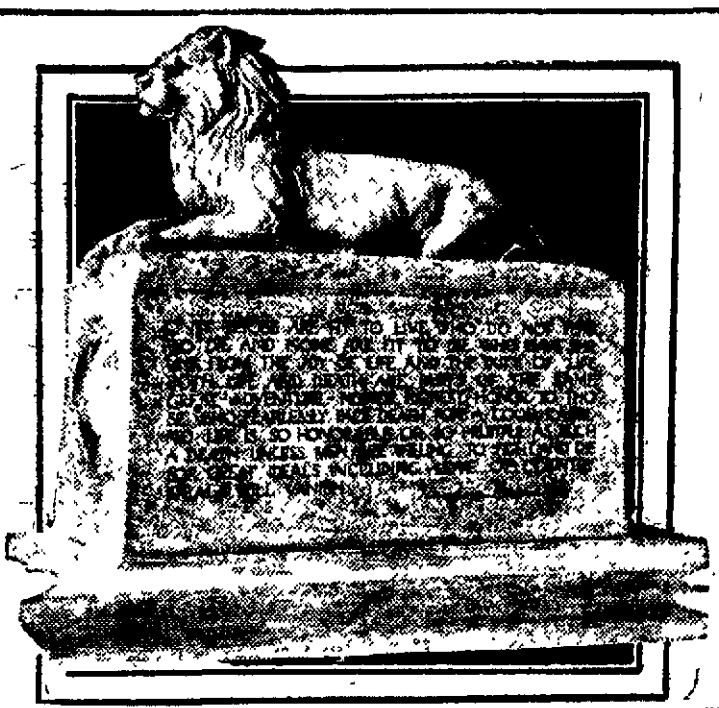

Canton, Ill., Oct. 27.—After blocking all communication by cutting telephone wires, six bandits demolished the vault of the New Canton state bank in four charges of explosive today and escaped with the vault's contents, \$3,500 in cash and a few liberty bonds.

Family Favors This MEMORIAL TO ROOSEVELT

Only those are fit to live who do not fear to die, and none are fit to die who have shrunk from the joy of life and the duty of life. Both life and death are parts of the same great adventure. Honor, highest honor to those who face death for a good cause. No life is so honorable or so fruitful as such a death. Unless men are willing to fight and die for great ideals, including love of country, ideals will vanish.—Theodore Roosevelt.

New York, Oct. 27.—More than \$1,800,000 is in the hands of the Roosevelt Memorial Association awaiting decision on plans for a triple memorial to Theodore Roosevelt.

The purpose to which the money is to be applied are as follows:

To erect a monumental memorial in Washington to rank with the Washington Monument and the Lincoln Memorial.

To improve the land that is to be given at Oyster Bay for a Roosevelt Memorial Park.

To perpetuate the ideals of Theodore Roosevelt by spreading the knowledge of his character and career, developing and applying his policies and ideals for the benefit of the American people.

A number of designs have been submitted for the proposed monument in Washington.

Although no decision has been reached by the monument committee, of which Elihu Root is chairman, the lion designs of Carl E. Akeley is liked best by the Roosevelt family.

Akeley was a personal friend of Roosevelt and was with him, hunting and collecting scientific specimens, in Africa.

William Loeb Jr., who was Roosevelt's secretary, is chairman of the Committee on the park at Oyster Bay. Gifford Pinchot is chairman of the committee for the perpetuation of Roosevelt's ideals.

The first step by the latter committee was the establishment of a Bureau of Roosevelt Research and Information. The first of a series of authoritative books dealing with various phases of Colonel Roosevelt's life has been published, "Roosevelt in the Bad Lands," by Hermann Hagedorn.

TWO INJURED WHEN AUTO TURNS TURTLE

Helmuth Werner Sustains Gunshot Wound When Gun Explodes

Mrs. R. B. Lawrence and Mrs. F. C. Lambert, both of Arena, were badly shaken and bruised yesterday evening when the Buick touring car which they were driving turned turtle about 10 miles east of Bismarck when they turned to allow a Ford to pass them. The bank along side of the road was steep, and their car turned completely over, throwing Mrs. Lambert who was driving, across Mrs. Lawrence, and out of the car. Mr. Lawrence was so severely shaken and bruised that it was necessary to bring her to the Bismarck hospital where she is still under treatment. Mrs. Lambert was not taken to the hospital. She is visiting with relatives in Bismarck today. Unless x-rays show internal injuries, it is thought Mrs. Lawrence is suffering only from severe bruises and the shock of the accident. The accident happened about 5 o'clock yesterday evening as the women were motoring to Bismarck.

Atty F. E. McCurdy and Gordon Cox who passed the scene of the accident shortly after it occurred brought the women to the city. The Buick car was only slightly damaged, it was reported.

Melmoth Werner, son of Mr. and Mrs. Ludwig Werner of near Krem, sustained a gunshot wound in his right leg early yesterday morning while plowing with a 10-foot Emerson tractor disk on the Werner farm when the 16-gauge shotgun which he had laid on the platform of the tractor exploded. Helmuth was carrying the gun to shoot rabbits. He was brought to the Bismarck hospital for treatment.

St. Alexis Hospital

Mrs. Andrew Walker of Wilton, Frank Krall of the city, Miss Marie Aschberger of Harvey, John Heisdorf of Driscoll, and Frank Clausen of the city have entered the St. Alexis hospital for treatment. Mrs. Joe Goodman of Britton, Master Theodore Baker of Elbowoods, Mrs. Tom Keough of Valley City, and Mrs. Jessie Star of Elbowoods have been discharged from the hospital.

U. C. T. will give a Halloween Party tonight at the Grand Pacific Hotel. All members and friends invited.

98 Out of Every 100 Women Benefited

An Absolutely Reliable Statement Important to Every Woman

Remarkable Results Shown by a Nation Wide Canvass of Women Purchasers of Lydia E. Pinkham's Vegetable Compound. — 50,000 Women Answer —

For some time a circular has been enclosed with each bottle of our medicine bearing this question: "Have you received benefit from taking Lydia E. Pinkham's Vegetable Compound?"

Replies, to date, have been received from over 50,000 women answering that question.

**98 per cent of which say YES.**

That means that 98 out of every 100 women who take the medicine for the ailments for which it is recommended are benefited by it.

This is a most remarkable record of efficiency. We doubt if any other medicine in the world equals it.

Think of it—only two women out of 100 received no benefit—98 successes out of a possible 100.

Did you ever hear of anything like it? We must admit, that we, ourselves, are astonished.

Of course we know that our medicine does benefit the large majority of women who take it. But that only two out of 100 received no benefit is most astonishing.

It only goes to prove, however, that a medicine specialized for certain definite ailments—not a cure all—one that is made by the most scientific process; not from drugs, but from a combination of nature's roots and herbs, can and does do more good than hastily prepared prescriptions.

You see, we have been making, improving and refining this medicine for over 50 years until it is so perfect and so well adapted to women's needs that it actually has the virtue to benefit 98 out of every 100 women who take it.

It's reliability and recognized efficiency has gained for it a sale in almost every country in the world—leading all others.

Such evidence should induce every woman suffering from any ailment peculiar to her sex to try Lydia E. Pinkham's Vegetable Compound and see if she can't become one of the 98

**Women of Burleigh Co. We Appeal to YOU.**

AN ATTEMPT TO STIR UP CLASS HATRED.

The following is a part of an Editorial in the North Dakota Leader.

Official North Dakota Newspaper Of The Non Partisan League Dated Fargo, N. D., Saturday, Oct. 21, 1922.

"The I. V. A. Candidates, headed by Gov. Nestos, say that things are all right as they are now. They say people can make enough money if they work hard enough and save their money. They do not believe that people should have an equal chance, and that working people should be satisfied if they have enough food to keep them from starving and enough clothing to keep them from freezing."

Read the above once. Read it twice. Read it three times. Then think it over. Did you ever read a meaner, lower untruth? A dirtier piece of political propaganda. A lower attempt to stir up class hatred.

Why was the Editorial written?  
To get votes for Frazier and Lemke.

Surely you will not vote for men for the office of U. S. Senator or Governor who appeal to class hatred? Of course not. Do you consider the life of America safe in the hands of men who represent these ideas?

**WOMEN**

We appeal to you. You who represent the best instincts of the nation. What is Your Answer? Is The Nation Safe In The Hands of Such as These?

**Vote for O'Connor and Nestos**

Let that be your answer to these disciples of Untruth and Hatred.

Do not let the high places of the nation be filled by those who are preaching the doctrines of Hatred as contained in the above Editorial.

Do not forget what is in the mind of such as these.

## Entertain Ghosts At Hallowe'en Party

Miss Esther Larson gave a hallowe'en ghost party at her home on 719 Sixth street for friends last night. Ghosts in the receiving line conducted the guests up a ladder to a second story window where they were allowed to join other ghostly visitors. A part of the fun for the evening was searching for fortunes which were buried in a pile of sand. Letters written in invisible ink told each hunter what life had in store for him. A delightful hallowe'en effect was given the Larson home by the use of jack o'lanterns and orange and black streamers in decorating. The assemblage of ghostly unmasked when supper was announced. The latter part of the evening was spent in dancing.

## Rev. Naylor to Talk To Young People

Tonight will be young people's night at the Baptist church. Rev. Naylor, Evangelist, who has been conducting meetings for the past two weeks will speak on the topic, "Hid Treasures and How to Find Them." He will make the message interesting for the young people. Those who have heard Rev. Naylor in these meetings know that he has brought clearly to the attention of the public the necessity of the good in homes, in business, in politics. He has adapted his sermons to old and young. Young people are asked to come this evening for another good evening. The B. Y. P. U. will give a supper tomorrow night in honor of Mr. Naylor. A good time is in store, if

we are to trust reports, and we can usually trust such reports. There will be no meeting Saturday evening except the supper given by the young people.

Those intending to become members of the church will please come this evening and remain for a few minutes with the committee.

## Wm. Robidou, Well Known Farmer Dies

William Robidou, well known farmer of Bismarck vicinity, passed away at a local hospital at 5:25 o'clock last evening as a result of kidney trouble with which he has been suffering for a number years. Mr. Robidou, who was 79 years old, has been confined to the hospital for the past 11 weeks. Mr. Robidou came to Bismarck from Sauk Center, Minn., in 1878. He leaves a wife, three daughters, Mrs. William McDonald, Mrs. Charles Fisher, and Mrs. Dan McDonald, all of Bismarck, and four sons, John, Amos and James Robidou of Bismarck, and William Robidou, Jr., of St. Paul, Minn., to mourn his death. Funeral services will be held from St. Mary's Pro-Cathedral Saturday morning at 9:30 o'clock with Rev. Fr. Slag officiating. The deceased will lie in state at Perry's Undertaking

**Instant Quaker Oats**  
Cooks to perfection in 3 to 5 minutes

Now there's a new reason for insisting on Quaker Oats. Our experts have perfected a quick-cooking Quaker which cooks in 3 to 5 minutes. So it means an oat dish almost ready to serve.

It has our super-flavor. All Quaker Oats are flaked from queen grains only. We get but ten pounds from a bushel.

But in Instant Quaker the oats are cut before flaking. They are rolled very thin and partly cooked. So the flakes are smaller and thinner—that is all. And those small thin flakes cook quickly.

Your grocer has both styles. Both offer incomparable flavor. Instant offers the quickest-cooking oats in the world. Say which you want.

A Complete  
Armand Week-end Package  
for 25c

**FACE POWDER**, cold cream, rouge, vanishing cream, talcum—everything is included in Armand's adorable pink-and-white Week-end Package. When you see it you'll wonder how it is possible to give so much real value for only 25c.

First of all, there's a box of Armand Cold Cream Powder—the only satisfactory dry face powder made with a touch of cold cream for clinginess. Then there's a generous supply of Armand's Bouquet for those who prefer a less dense powder. Next comes a little box of Armand rouge—puff and all! And a miniature pink-and-white can of Armand Cold Cream Talcum. Then you will find little metal boxes of Armand Cold Cream and of Armand Vanishing Cream—the first

a delicate, soothing, cleansing cream, the other a vanishing cream more delightful than any you have ever used. And a tiny cake of Armand Cold Cream Soap that will prove a revelation to you in fragrance and soft cleansing power.

But one trial of Armand for yourself will mean more to you than all we could tell you. We think you will love it just as every woman does who has ever used it. Try this Week-end Package. In its dainty pink-and-white box it is handy to tuck in your suitcase for a few days' trip or to use at the office or at home.

All of the stores listed below are selling the new Armand Week-end Package. The supply is limited. Be sure to get yours to-day.

SPORTS

BILLY STERNS,  
BOXER, GIVES  
"U" BOYS TIPS

Has Success as Boxing Instructor—Will Meet Bat Krause At Valley City Soon

Minneapolis, Minn., Oct. 27.—William Sterns of Minneapolis is the boxing professor on the faculty of Hamline University, St. Paul, and he is a most capable instructor as the achievements of his ring team in the past two years will testify. A tournament between boxing teams representing the colleges of the state is held annually and the Hamline punches have taken the last two meets. Sterns became the Hamline instructor in the fall of 1920 and competing against a field of smart champions he has developed two state champion combinations.

However, the professor handles the boxing classes just on the side. His chief occupation is punching opponents in professional fights and he is ready at anytime to take on any man around the 140-pound mark. In the professional end of the game, however, Prof. Sterns adopts the more ring-like name of Billy Sterns.

Sterns has been wearing the padded gloves for five years during which time he has had forty fights. He is a knockout puncher and on his record are many victories gained with the knox. He is 22 years old. Billy fights erect like many of the old time gladiators of the roped square. His style resembles very much that of the great Kid Lavigne. Sterns has appeared on several cards in the east and he has always given a slam bang mill. He is now at his best and he feels and he wants to fight Pinkie Mitchell, Sid Barabarian, Billy Wells, Denny O'Keefe, Dave Shindo and any of the rest of the 140 pound stars. He would also welcome a chance to trade blows with Harvey Thorpe, the Kansas City man. He was once matched with Thorpe but Harvey ran out of the scrap, he says.

Billy is to meet Muff Bruns on Northwest boxing star, at Butte on the night of Oct. 31. From Butte, Sterns comes to Valley City, N. Dak., where he is matched with Batling Krause of Bismarck for ten rounds Nov. 10.

JENSEN WINS  
MIXED BOUT

Has Better of Mike Collins of Mandan Here

Thor Jensen, boxer and wrestler, associated with the newly formed North Dakota Athletic association, won his mixed bout with Mike Collins, welterweight wrestler, of Mandan, at Patterson hall here last night in five rounds. Jensen was given a pair of boxing gloves while Collins had no gloves, and Jensen was to try and win from Collins at boxing while Collins tried to win by wrestling. The bout furnished a lot of fun.

Kid Brady, bantamweight, was better than Tommy Kimbo in an exhibition bout. Brandy boxed four rounds with Johnny Haas and Stanley Rogers, wrestled with Collins of Port Rice, throwing him after a few minutes on the mat.

Most of the boys donated their services and most of the proceeds went for the benefit of poor families in Bismarck, it was announced. A good crowd was out.

BISMARCK HIGH  
PLAYS MANDAN

Bismarck high school students in large numbers this afternoon, crissed the big muddy to Mandan for the second football game between the eleven of the two schools. The game was scheduled for 2:30 P. M. Mandan time, or 3:30 Bismarck time. The local team was expected to win by a comfortable margin.

The Minot-Williston game, which has an important bearing on Bismarck's future play, is being played in Minot this afternoon. It was at first scheduled for Saturday.

A THOUGHT

Take fast hold of instruction; let her not get keep her; for she is thy light.—Proverbs 4:13.

Instruction ends in the school room, but education ends only with life. And education is to unfold nature; to strengthen good and conquer evil; to give self-help; to make a man. Frederick W. Robertson.

FISCISTI HEAD  
ISSUES CALL

(By the Associated Press)  
Rome, Oct. 27.—Benito Mussolini, head of the Fascisti, has called to gether all the military leaders of that organization and simultaneously has ordered all the military sections of the Fascisti to keep in readiness the 800,000 workers who have joined the Fascisti organization in order to co-operate at an opportune moment with the military sections.

This is interpreted here as preparation for the assumption of power by the Fascisti.

SEE MONOPOLY  
OF BUILDING  
MATERIALS

Accuse German Magnate of Organizing Trust as Result of Agreement

SUPPLIES FOR FRANCE

Housing in Germany Has Reached Acute Stage—Dwellings Needed

Berlin, Oct. 28.—The specter of a gigantic monopoly in building materials in Germany is raised by critics of the restoration agreement recently concluded between Hugo Stinnes, the industrial magnate, and Marquis de Lubersac, president of the co-operative associations in the French devastated areas.

It is pointed out in these circles that the combine organized by Stinnes for carrying out the contract takes on the nature of a great trust. It is foreseen that the deliveries involved will not only constitute a heavy drain on materials needed for reconstruction at home, but will mean further rises in building costs which already are more than eighty times higher than they were before the war. Stinnes' "trust," the critics assert, will be in a position to dictate the costs of construction materials in the domestic market.

This angle of the deal is viewed with all the more concern because of the housing shortage which already has reached an acute stage in Germany. The case of Berlin is cited as an example. Before the war, 40,000 family dwellings were erected annually in the German capital, but since 1914 building operations here have been virtually at a standstill. Thus Berlin's construction alone is some 300,000 dwellings in arrears. It is further argued that the deliveries of seven milliard gold marks' worth of goods to France in four and one-half years must inevitably lead to further inflation in the German mark. The amount is computed at the current rate as equivalent to some 250 to 300 milliards of paper mark. The question is raised as to how the German money-printing presses ever will be able to cope with the demand for currency which will follow.

One of the bitterest opponents to the Stinnes-Lubersac agreement is the press. service Sozialistische Korrespondenz.

Commenting on the high praises sung for Stinnes in other quarters when the deal was announced, this agency expresses the conviction that the 6 per cent commission accruing to him was his only guiding consideration. It calls attention to the magnates former opposition to the Wiesbaden agreement and other reparations policies, and says: "But when Marquis de Lubersac approached Stinnes, Stinnes suddenly became a 'fulfillment' politician, Rathenau's heir, and the winner of ninety million gold marks profit."

The Suedische Monatshefte, a monthly publication issued at Munich, has published a leading article headed "The Sabotage of Reconstruction by the French Government." It contends that the sufferers in the French devastated areas have long been in favor of co-operation with the Germans for reconstruction of the regions, but were opposed in this by the French government and French builders.

In the same issue appears a review of the progress made in East Prussian reconstruction following the damage done by the Russians early in the war. It is cited as evidence of what might have been done in France had operations been commenced immediately after the close of hostilities, and had there been the "will" for reconstruction as there was in Germany.

This review states that more than 20,000 buildings were demolished and some 100,000 more or less seriously damaged during the Russian occupation in 1914 and 1915. All personal property of any value belonging to

**Public Now Prefers Vegetable Laxatives**

Dr. Caldwell's Syrup Pepsin affords prompt relief in a natural way

THE public is constantly becoming more discriminating in its choice of drugs. Those subject to constipation try to learn what makes them constipated, and then avoid it. If constipation persists in spite of all their efforts they take the mildest, most easily tolerated laxative obtainable, and not a drastic physic that upsets them for days afterwards. As over 10 million bottles of Dr. Caldwell's Syrup Pepsin are sold a year, a large proportion of the people of this country must believe that this mild vegetable compound is the proper remedy for them, and so it is. No need to take salt waters and powders that dry up the blood; coal-tar drugs in candy form that produce skin eruptions, or calomel that salivates. These drugs are "heroic measures", over-effective, weakening and griping.

The best constipation remedy is the one that moves the bowels without shock to your system, and such a one is Dr. Caldwell's Syrup Pepsin. It is a vegetable compound of Egyptian senna and pepsin with pleasant-tasting aromatics, and has been satisfactorily sold for 30 years. Unlike the harsher physics it does not produce a habit, and increased doses are not required; in fact, it so trains the stomach muscles that in time medicines of all kinds can be dispensed with.

Many take a teaspoonful of Syrup Pepsin once a week as a health safeguard. Others use it only when required, as, for example, Mrs. J. W. Borroughs of Little Rock, Ark., who finds it equally valuable for herself and the children, and Mr. Enas S. Costa of Watsonville, Cal., whose family uses it regularly. Try Dr. Caldwell's Syrup Pepsin in constipation, biliousness, piles, headaches, sallow complexion, and to break up fevers and colds. A generous-size bottle can be had at any drug store, and it costs only about a cent a dose!

Gets Pleasant Surprise

"About 6 months ago my father was very sick with his stomach, which had been troubling him for several years. Three doctors said he had cancer and one said it was gall stones. All agreed on operation necessary, but on account of his age I was afraid to risk it. I told a friend about it who said his wife had been through the same trouble and had been cured by taking May's Wonderful Remedy. I at once bought a bottle for father and he is now as strong as a bear and can eat more than any man. It removes the catarrhal mucus from the intestinal tract, and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded. For sale at all druggists.—Adv.

Love is an awful thing. Capitol Monday.

minister of Montana and widely known in the west as "the bishop of all outdoors," was shot and killed in his home in Harve at 1 o'clock this morning by Mrs. Margaret Carleton, wife of former Judge Frank Carleton of the district court of Hill county, who then committed suicide.

Mrs. Carleton had returned to Harve recently from a summer spent as superintendent of an eastern chautauqua circuit. The two families had long been friends. Mrs. Carleton left no word of explanation as to her reasons for the shooting.

It's the wonder-flavor and crispness that wins for Kellogg's

Every spoonful of Kellogg's Corn Flakes is a taste sensation—a thrill! Such delicious flavor in a cereal! And, Kellogg's crisp crunchiness beats description! Kellogg's are never tough, never leathery, never hard to eat!

Little folks, as well as big folks, will mighty quickly "speak their piece" about Kellogg's! No imitation ever could compare with Kellogg's Corn Flakes—and your good taste will prove that!

You want KELLOGG'S—and you'll get Kellogg's if you insist upon Kellogg's in the RED and GREEN package that bears the signature of W. K. Kellogg, originator of Corn Flakes! NONE ARE GENUINE WITHOUT IT!
